DM500 Mailing System

Automatic mail processing

Rapidly processes up to 135 letters per minute.
Self-aligning fee system lets you continually add mail during processing maximizing total throughput.

The wide fed deck allows for easy processing of oversized envelopes up to 10" x 13".

Thoroughly seals every mail piece tip-to-tip ensuring that your important business communications are secure.

Integrated weighing option is simple to use and ensures the right amount of postage on every mail piece.
