### **Make Productivity Easier**

Better technology. Better productivity. Better control. That's what you get with the new **Jet+650** mailing system. Featuring a revolutionary new transport and digital printing system, this clean, fast and quiet mailing system is a pleasure to use and a perfect fit in the office environment.

### **Reliability through better design**

The **Jet+650** operates at speeds of up to 135 letters per minute and virtually eliminates the common problems associated with processing mail in office settings. The new transport and digital printing system automatically adjusts for different envelope thickness and prints clearly on even or uneven surfaces up to 16mm thick. The new wider feed platform ensures smooth, stable operation on large envelopes, even the usually more difficult portrait style. And the integrated mail accounting helps you monitor and allocate costs for more control of your mailing budget. All this means a simple, effortless mailing operation with less downtime, less hassle and higher productivity.

### **A perfect match for the office environment**

Whisper quiet the **Jet+650** is a sure bet for your office environment. Long lasting ink cartridges make re-inking clean and easy. The large control panel easy to read display and programmable job settings make operation a breeze. Designate operators with PIN security or let any of your employees operate the **Jet+650**. Either way they will achieve expert status in no time.

### **Enhance your image with every mailing**

The **Jet+650** gives you the ability to include both text and photo quality graphics next to the postage frank, five of which are provided as standard. Select save and change messages with ease using the **Jet+650** control panel.

### **Eliminate errors and increase efficiency**

**Auto date** advance eliminates manual date changes and insures the correct date on every piece of mail.  
**Interfaced scale** automatically determines the correct postage and sets franking machine.  
**Programmable** job presets for recurring mailings save time and prevent errors.  
**Low postage warnings** prevents running out of postage.  
**Wide feed platform** optimally processes large and oversized envelopes.

### **Control costs and manage your postage expense**

The **Jet+650** ensures ease of use and high productivity, but it doesn't stop there. With integrated departmental accounting included at no extra cost, you'll be able to save money and minimize waste.

Track mail volume and postage expenses vs. budget for up to 50 departments.

View reports on-screen or print them for departmental use.
